# EKOM

**Leader in the field of development and production of compressed air.** EKOM are Europe's leading supplier of Dental, medical and laboratory compressors. Having just celebrated their 25th anniversary they have come a very long way in a short time. Once you use the EKOM machines it's clear to see why.

The EKOM brand has rapidly grown in the UK, with many customers standardising these units based on their reliability, ease of service, and competitive pricing.

The EKOM system has several options – from open units / with dryers & static cabinets to mobile solutions. All provide clean & quiet air to dental, medical & laboratory, industrial markets.

## **Oil free dental compressors**

Wide range of oil free dental compressors from 1 dental chair up to Tower compressor stations suitable for dental clinics.

## **Laboratory compressors**

Wide range of oil free full piston compressors for laboratories and diagnostic centers. Various pressure versions of compressors, different levels of drying and air filtration at the outlet are available.

## **Compressors for industry**

Wide range of oil free piston compressors for industry. Various pressure versions of compressors, different levels of drying and air filtration at the outlet are available.

## **Medical air**

Compressed air intended for respiratory equipment and other medical appliances in hospitals, clinics, intensive care units and medical facilities. The air quality depends on the applicable legislation or generally accepted standards (ISO 7396-1, ISO 8573-1, European Pharmacopoeia).

## **Advantages of Ekom compressors**

- ✓ Clinically safe and reliable, in accordance with the highest medical standards and legislation
- ✓ Very low noise – essential for patient well-being
- ✓ High reliability
- ✓ Low-maintenance – easy operation and service
- ✓ Universal solution for various ventilator models
